COMMENDING THE FBI'S KIRK YEAGER FOR BEING NOMINATED A FINALIST FOR THE 2016 SAMUEL J. HEYMAN SERVICE TO AMERICA MEDAL

**HON. GERALD E. CONNOLLY**

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, May 24, 2016*

Mr. CONNOLLY. Mr. Speaker, I rise to commend my constituent, Mr. Kirk Yeager, on his

commitment to government service and his nomination as a finalist for the 2016 Samuel J. Heyman Service to American Medal.

Service to America Medals, or Sammies as they've become known, are presented annually by the nonprofit, nonpartisan Partnership for Public Service to honor outstanding federal employees who have made significant contributions to our nation. In recognizing their achievements, we not only pay tribute to our dedicated federal workforce, but also promote a culture of innovation and achievement in our government.

When there is a terrorist bombing or a new type of explosive poses a threat to the U.S., the FBI primarily turns to one man: Kirk Yeager. Kirk is the FBI's resident bomb expert; anything that deals with explosives that comes to the FBI, goes to Kirk.

Yeager doesn't just respond to crises. In his daily work, he oversees the bureau's research focused on getting a better understanding of the explosives terrorists use. He also developed the FBI's advanced training material on terrorist explosives.

As a chemist and an engineer, as well as one of the FBI's five senior laboratory scientists, Kirk has been studying bomb-making for more than 20 years. His goal is to understand what ingredients are used, how bombs are made, and how they can be detected. He seeks to use this knowledge to trace devices to specific terrorist organizations or known bomb-makers around the world.

As part of his work, he helped start a training program and developed information for bomb technicians across the country, including those employed by private companies. In one instance, the training materials helped a shipping company successfully stop a "lone wolf" plot, according to Kirk. He says his biggest challenge is trying to keep up with the evolving nature of the terrorist threat. He will continue to "reproduce everything that the bad guys do," he said, so he can save lives and "make a difference and contribute to the broader community."

I would like to personally thank Kirk Yeager for his service to our country and for his tireless work to protect the people of the United States.

Mr. Speaker, I ask that my colleagues join me once more in recognizing the tremendous contributions of Mr. Kirk Yeager. He is but one of many dedicated federal employees performing extraordinary work through the federal government in communities across America each and every day.
